= Assignment - Submit Final Cheatsheet =

=====

Your CHEATSHEET.lnx should have sufficient notes on all topics discussed during the semester. Make sure your formatting is reasonably organized and easy to read.

You will be able to use this cheatsheet on the final during terminal time.

Hint

=====  
Remember that you can rename a file using the mv command.

Submission

=====

To submit your file, simply upload CHEATSHEET.LNX to Canvas. Also note that if you've already submitted the CHEATSHEET.LNX for our previous CHEATSHEET.LNX assignment, Canvas might add a -1 to your file name (CHEATSHEET-1.LNX), that is OK and you will not lose point for it!
